

## What does your wedding dream look like?

- Is it a secluded, romantic intimate getaway with just your beloved and your nearest & dearest?
- Or barefoot, on a beach with sand between your toes and all your tribe gathered there to share the moment?
- Maybe you like old style romantic, formal, traditional with a few tears as you walk down the aisle on your Dad's arm?
- Is your scene relaxed, joyous and family friendly for you and all your guests?

The choices are all yours....

Whatever your dream wedding looks like, I'd love to be your celebrant and help you make it a reality.

Your wedding day starts with the ceremony. With a little planning you can set the tone for a truly memorable and enjoyable occasion. Whether you are sharing your day with 2 guests or 200 guests, You want a ceremony that will be meaningful, personal and relevant- and of course you want to know that all the legal requirements have been met and at the end of the day you are legally married!

## Here's what I can do for you-

- First, we'll have an introductory chat. Usually at your home, or somewhere you choose, (playgrounds, park and coffee shops are fine) and whenever works for you (evening or weekend is ok). We'll go through the legal requirements and talk about your ideas for the ceremony. Maybe we'll complete a booking form and NOIM.
- At our second meeting, we'll talk in more detail about what will take place during the ceremony, who will be involved and their roles, wording of your vows, additional rituals, music etc and preparing the NOIM and sighting ID docs if this hasn't yet been done.
- The I get busy writing your ceremony. I'll send a draft to you so you can make changes and edit as required.
- I'll prepare, print and lodge all of the legal documents (the Notice of Intended Marriage, Declaration of No Legal Impediment to Marriage, Official Certificate of Marriage, Form 15 Marriage Certificate, Application for Registered Marriage Certificate).
- Before your wedding day, we can have a rehearsal at your ceremony venue, to help calm the nerves. And to decide who stands where, what the background will be in photos, how long will it all take etc.
- When your big day arrives, I will be at your venue 30 minutes before the time on your invitations. I will make sure everything is set up, check the music is ready, special readers or participants in the ceremony are present and prepared. Afterwards, I will be available to make any announcements you or your photographer may want. Then I'll pack up my equipment, before I come say a short farewell to the Bride & Groom and be on my way.
